**Subject:** Wu, Jennifer has shared 'CZARA Ag'

Here's the link to the Ag files from Mike and Koto that Marty and I worked on. The files are separated by Ag Area, and there is an XL spreadsheet that describes each of the file names for each Ag area. I'll post these on SharePoint to see if they work for Allison, Rob and others. Marty, can you share with other EPA people next week if they need it? Thx!
